

## Parallel Session 12      Wednesday, July 4, 16:00PM-18:30PM

Special Session <b>36</b>	<b>Stochastic Partial Differential Equations and their Optimal Control</b> Organizer(s): Wilfried Grecksch	Location <b>POI-A</b>
16:00-16:30	<b>Cancelled</b> <del>Gabih Abdelali (University of Caddi Ayyad, Morocco)</del> <del>Portfolio Optimization Under Partial with Expert Opinions</del>	Abstracts p. 160
16:30-17:00	Diana Keller (Martin-Luther-University Halle-Wittenberg, Germany) An Optimal Control Problem for a Nonlinear Controlled Stochastic Schrödinger Equation	Abstracts p. 161
17:00-17:30	Frank Wusterhausen (Martin Luther University Halle-Wittenberg, Germany) Schrödinger Equation with Noise on the Boundary	Abstracts p. 163
17:30-18:00	Michael Hinz (FSU Jena and Univ. of Connecticut, Germany) Vector calculus on fractals and applications	Abstracts p. 161
18:00-18:30	Wilfried Grecksch (Martin-Luther-University, Germany) A Filtering Problem for a Linear Stochastic Schrödinger Equation	Abstracts p. 160
