

## **Dr. Junping Shi**

College of William & Mary  
USA

Junping Shi is a Professor of Mathematics at the College of William & Mary in Williamsburg, Virginia, USA. He studied mathematics at Nankai University, China, from 1990 to 1993, and earned his Ph.D. in Mathematics from Brigham Young University in 1998. His research interests include nonlinear elliptic and parabolic equations, bifurcation theory, and mathematical biology. His research has been supported by the U.S. National Science Foundation (NSF) since 2003. He served as Chair of the Department of Mathematics at William & Mary from 2018 to 2022 and again in 2025, and was Director of the NSF EXTREEMS-QED program at William & Mary from 2013 to 2019. He has published more than 190 research papers, which have received over 11,000 citations according to Google Scholar.
