

DIAMOND OPEN ACCESS AND JOURNAL TRANSFORMATION

roundtable discussion

Organizers and coordinators: Colleen Lyon (University of Texas)
and Enrico Valdinoci (University of Western Australia)

Day 1.

AA:00-AA:15: **Evelyne Miot** (CNRS, Université Grenoble and Mathdoc)
The centre Mersenne for Diamond Open Access: a summary of five years of existence

AA:15-AA:25 **Adam Jakubowski** (Bernoulli Society, Nicolaus Copernicus University)
Diamond Open Access journals run by the IMS and the Bernoulli Society

AA:25-AA:40: **Björn Brembs** (Universität Regensburg)
Replacing academic journals

AA:40-AA:45 **Nageswari Shanmugalingam** (University of Cincinnati)
Open access and editorial system

AA:45-BB:15: **Q&A**

BB:15-BB:30 **Claude Sabbah** (CNRS and École Polytechnique)
Creating a journal in the Diamond Open Access model: Experiences and problems for the long term

BB:30-BB:50 **Francesco Maggi** (University of Texas at Austin)
Ars Inveniendi Analytica and arXiv overlay journals

BB:50-CC:00 **Sergei Gelfand** (American Mathematical Society)
Diamond Open Access at the AMS

CC:00-CC:30: **Q&A**

Day2.

AA:00-AA:15 **Francesc Perera** (Universitat Autònoma de Barcelona)
Publicacions Matemàtiques: a model of open access without APC

AA:15-AA:30 **Tuomo Kuusi** (University of Helsinki)
TBA

AA:30-AA:45 **Rafe Mazzeo** (Stanford University)
TBA

AA:45-BB:15: **Q&A**

BB:15-CC:00 **Antonio De Simone** (Scuola Superiore Sant'Anna)
TBA

CC:00-CC:05 **Sylvia Serfaty** (New York University)
Starting non-profit journals: the example of Probability and Mathematical Physics

CC:05-CC:25 **Rafael de la Llave** (Georgia Institute of Technology)
Remarks on the economics of scientific publishing now and possible futures

CC:25-DD:45 **Raghavendra Gadagkar** (Indian Institute of Science)
Let's Banish the 'Pay-to-Publish' Business Model

DD:15-DD:45: **Q&A**
